

CENTRAL INTELLIGENCE AGENCY

25 May 1977

NOTE FOR: DDCI

Hank -

As is the custom, the Executive Secretary requested each of the DDs and the Independent Offices to prepare notes for you of significant activities during your absence. As you might expect, many of them duplicate items which we reported to you in our evening cables or which you have since been informed.

Gary and I have selected out information that we think is new to you. You need only glance at the paragraphs which are marked.
